Subject: ** Due 10/29/18 ** - 2019 Operating Subsidy Inventory Validation

**** This is an unmonitored mailbox. Please do not reply. Contact your local Field Office with any questions ****

Dear Executive Directors:

We are pleased to announce the start of the 2019 Operating Subsidy Process. As the initial step in this process, HUD has published an inventory of projects which it has identified as eligible for Operating Subsidy in 2019. Based upon the inventory, HUD will deploy Operating Subsidy Tools (HUD 52723 and HUD 52722 forms). At the start of the funding year, when HUD is funding based upon an estimate of eligibility, HUD will fund only projects that are part of the inventory.

We request that PHAs review the inventory and contact your respective Field Office to identify any changes to be made by October 29th. This could include identifying projects that should be added because they are not in the inventory but will be eligible for Operating Subsidy in 2019. This could also include identifying projects that should be removed from the inventory because they will not be eligible for Operating Subsidy in 2019.

Requests for funding for projects that are new, and were not funded in 2018, should be sent by separate cover to your local Field Office.

Information related to 2019 Operating Subsidy processing can be found at: https://www.hud.gov/program_offices/public_indian_housing/programs/ph/am/of/opfnd2019

Regards,
PIH, Operating Fund Team
