**Subject:** Transition Funding issue in PHA HUD-52723 tool

**\*\* This is an unmonitored mailbox. Please do not reply. Contact your local Field Office with any questions \*\***

HUD is aware of an issue with the calculation of Transition Funding in the PHA HUD-52723 tool. PHA tools are not calculating Transition Funding for PHAs with one project initially approved for stop loss and that continue to comply with asset management requirements. We are working on a solution to ensure eligibility is properly calculated. We do not anticipate that the solution will impact the PHA tools. PHAs experiencing this issue should not delay submitting their tools, but should proceed to submit their tools to their Field Offices within the published timeline/deadline. Impacted PHAs should indicate that they are eligible for Transition Funding and specify the amount in the comments section of the PHA tool. We will continue to provide additional information as we work on this issue.

We regret the inconvenience and thank you for your patience.

Please contact your Field Office with additional questions.

We hope that you will want to continue receiving information from HUD.

We safeguard our lists and do not rent, sell, or permit the use of our lists by others, at any time, for any reason.
